Yoga:

For **Naya** yoga's all about the journey because it is a lifetime practice and way of life. Yoga never stops revealing new lessons—a discovery that she first made while committing to a daily practice after graduating from The Art Institute. Today, seven years into her daily practice, she teaches yoga in her community and travels internationally to spread the benefits of asana coupled with breathwork and meditation.

In her class Naya likes to focus on alignment along with giving options and variations to poses. She'll keep you on your toes but also give time for silence and self exploration. Naya loves to break down the challenging poses and make them accessible to every student. Expect her energy to keep you uplifted and quisitive.

nayitavp Two sides to every story. Ready for mine?

Mid June 2015 a girls night out that changed my life's course.

☝ First stop:
Dinner at @seaspicemia 's outdoor patio (swipe to view last photo taken at this restaurant). I straightened my hair so sitting outdoors in this humidity meant my hair was getting frizzy and bigger by the second. Food was delicious, the table conversations were meaningful, gorgeous view, endless drinks + food and having my girls by my side was heavenly. Nothing could go wrong.

☝ Mutual Friends:
We ended the party at E11even.
Here's the connection. Ashley's friend got a table and that friend was close to Evan.

nayitavp As soon as you honor the present
moment, all unhappiness and struggle
dissolve, and life begins to flow with joy and
ease. When you act out the present-
moment awareness, whatever you do
becomes imbued with a sense of quality,
care, and love - even the most simple
action.

The Bean

nayitavp The most popular question. "How did you meet?" We locked eyes at @11miami but formally met at a tea shop ☺️. @e_zdays says: It was absolute love at first site, but I recognized she was somewhat of an introvert & def wasn't interested in having a lengthy conversation; specifically at this type of venue. As she was about to leave I simply said "Namaste" (Not even really knowing how much yoga meant to her at the time). The following day I sent her a FB message stating how much of a sincere pleasure it was to meet someone w/ such energetic prominence. After she politely responded I then told her she had to experience this amazing local tea shop that I frequented regularly. In fact, I walked into
