Let's Collab

As a micro influencer I am looking to do product trades in exchange for in feed Instagram photos, Instagram Stories, blog post, and more!

The Social

Being a social media marketer by day and a micro influencer by night I live and breath social media. Through posting consistently and creating real authentic content for my followers to engaging with and provoke conversations!

The Process

The editorial integrity of my brand is important to me which is why I am looking for select brands to promote on my social channels who will connect with my target audience, which in effect will provide value to both your brand and to them!
