ABOUT US

We are Chris and Andrea, a travel couple from the UK and Spain. Our passion is photography and discovering hidden places. We enjoy sharing different locations, showing the world through our eyes, interacting with my followers and share our stories with them. I think the world is too big to always stay in the same place! As I often say.. Eat plants and travel often.

WHY WORK WITH US

With a creative eye for originality and authenticity we will create the best content for your brand

You will reach a highly targeted travel audience with a combined interest in romantic couple getaways, luxury escapes and environmental awareness.

We put all our effort and love in every campaign
