# BIOGRAPHY

Multi-Talented Singer, Songwriter, Comedian and Social Media Influencer **Mila Dawn** is a powerful, emerging voice in comedy and music. Mila began developing her talents at age 5 through performing arts and musical theatrics in addition to performing for her friends and family. She brings to the entertainment industry raw, innate talent as an all-around entertainer.

Mila's inspiration derives from listening to her parents play jazz and old school music throughout her childhood. She believes her mission is to turn someone's day around and create healing through her voice and comedy sketches.

*"I've had a lot of people that have messaged me telling me my sketch made their day or my music helped them out of a tough situation. I want to continue that."*

Mila rejuvenates the minds and souls of her listeners and viewers with her distinctive sound and lively personality while encouraging young men and women to dream big and never give up.

She is setting standards for beauty in comedy and breaking barriers as one of the few women in entertainment to merge R&B and comedy with a "sexy vixen" appeal.

Mila's unconventional approach leaves people pondering on what's next for the eccentric artist.

As the newest R&B sensation, Mila forged ahead perfecting her craft by writing and performing her music. Today, Mila is an affiliate with the **American Society of Composers, Authors, and Publishers (ASCAP)** while she continues to perfect her craft as a singer, songwriter, and comedian.
