Influencer

GET TO KNOW ME!

I'm an Anthropology student at the University of Bologna. I'm also a singer and I love taking photos, writing funny captions and sharing them with my followers.

MY INSTAGRAM ADVENTURE

I started my account in early 2014 but it wasn't until mid 2016 that I realized the potential of this amazing social. I decided to make it more personal, adding my own experiences, my funny stories, my opinions about the products I was using, the outfits I was wearing and my cover songs. Suddenly people became interested in me, my life and my voice. And this is how my influencer experience began.
