

PUNS & LITTLE ONES

@punsandlittleones

22.7k followers

As a marketing and communications specialist for over 10 years, blogging became a fun way for Jen to exercise her creative muscle during her second mat-leave. Her punny quips, forced perspective photography and creative family scenes have certainly set this mother of two apart in the saturated mommy blogger space. She thoughtfully incorporates her unique style of content creation into every post while working with brands to showcase products and experiences that she genuinely uses and enjoys.
