MEDIA KIT

MICHAELA MANAKOVA

To be a triathlete with a daily job means to be able to get up at 5 in the morning, get on your bike or put on your running shoes or swimsuit and enjoy your work out before you start working and do the same after work.

To me, it is all about the passion to his beautiful sport. I have always been the active type and I am always seeking for sports activities.

I love nature and I enjoy every second I can spend training outside.

THE BLOG

An influencer page is an informational media page published on the World Wide Web consisting diary-style picture + text posts.
