## Video Ideas

- Room & property walk-through video
- Amenities highlight
- Get ready with me
- Answer common questions & explore the surrounding area
- 3 things to do at ...
- You may not have known \_\_\_\_\_ about ...

\*The following are not my content and are to provide an idea of additional type of content I would provide.

This video is a little fast. I would slow it down a bit and really highlight the best features of the space

I really appreciate showing the "lifestyle" aspect and what staying here would look like.
