

About Me

My Name is Ena I choose to name my account The Unicorn Mom because I believe in spreading glitter every where you go. Life is too short to just focus on one thing. I love helping businesses grow and spread some of their sparkles into this media world. The little bit that I spread helps each company grow. I started my account to spread the word about my side hustle, however while doing so I have been able to help local and other businesses grow thru THE UNICORN MOM.

Along the way I have met some amazing women that I now consider friends. This made me truly understand the meaning of women supporting women.
