who is  
travelling  
jezebel?

Hi there! My name is Dani and I am the blogger behind Travelling Jezebel. Originally from Manchester in the UK, I've spent the last 5 years travelling solo around Europe and Asia, most recently spending 6 months enjoying *la dolce vita* in Italy!

what is  
travelling  
jezebel?

My passion is off-the-beaten-path travel within Europe. The world doesn't need any more articles about Paris, Rome and Barcelona, but it *could* use some fresh inspiration.

My goal with Travelling Jezebel is to show people that even the most popular European countries have so much more to offer than the main tourist attractions, and that the road less travelled is definitely the way to go.
