## Jasmine Gercke

**Jasmine Gercke** made her path with her unique invention of Jazz Yoga, a series of 55 Hatha Yoga postures practiced to Jazz music played at 432 hertz, the sound healing vibration, where the body can harmonize with the frequency of the earth and heal the body on a cellular basis through the practice of yoga. Jasmine has been teaching yoga full time since 2008 and has been practicing yoga for over 17 years. Jasmine founded the Jazz Up Your Life Foundation in 2014 to raise and create academic and athletic sponsorships for young athletes and to bring the mindfulness program to schools in Canada and elsewhere as part of the curriculum. Jasmine puts her heart and soul into this dream and the positive energy of Jazz Yoga's brand and her Ayurveda studies can be seen throughout the show.
