ABOUT

My name is Josephine Mazibuko. I am 20 years old, I am a law student at the University of Pretoria. I am currently located at Pretoria, Hatfield. I have recently discovered my passion for beauty and fashion. With the research I have done, I have realized that the industry is really not open for people who are not popular and don't meet the standards of what is deemed to be pretty.

However, I have decided to challenge myself and change the industry by paving a way for girls like me who constantly face a lot of critics because of their body sizes and the way they look. I am very inspired by people like Thick leeyonce who have opened up the industry of plus size seeing as that it is a stagnant industry in the country. I myself hope to do more for the plus size category and take it to another level. The passion and drive I have combined with my great work ethic and my hard work I will be a great asset to your company.
