# PHOTOGRAPHY **PORTFOLIO**

BY  
ASEEL SADIQ

## INTRODUCTION

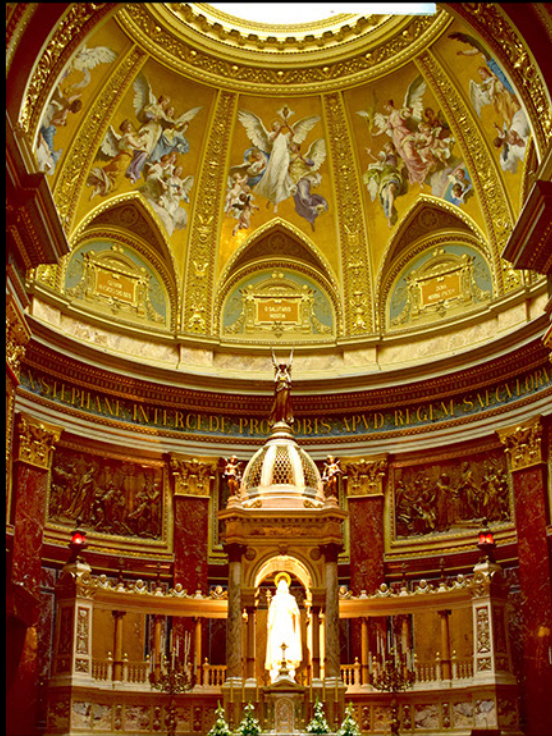

Hello! I'm **Aseel Sadiq** and I thank you in advance for viewing my portfolio. My Initial background of studies was associated with business and management studies. I got my university degree in Business Management from Newcastle University (United Kingdom) in 2016 where I identified my interest in photography as well. After my graduation, I came back to Pakistan and took up a very comprehensive diploma course of Photography which covered all the major fields of photography. Soon, I started showcasing my work in different photographic exhibitions, social media and also worked for various companies for their events. I welcome you again to my page and I would highly appreciate your feedback.

**ASEEL SADIQ**  
Photographer
