Personal statement

I have recently changed careers from hairdressing to childcare, I love hairdressing but I felt I wanted to make a difference to lives because of experiences in my life.

I chose to work for treetops to gain experience and help children with special needs, I have found that for me, my place is working with younger children and starting them with the best help that they can receive, I have great understanding of SEN children and the ABA programme and the needs that need to be met, I give my all because this is a path

that I want to be a part of and not only help the children but the parents also, I have a wide range of skills due to job experience and life experience, absorb information quickly and can adapt to any situation given, I have drive, motivation and am a naturally happy person, I have always worked fast paced and in stressful environments, I always go above and beyond to make sure whatever is required of me is met.

Kgoss hair

July 2013- March 2018

I am currently running my own business as a mobile hairdresser, which means I have to be on top of stock, client bookings, professionalism, time keeping, and organisation, I do my own tax returns and book keeping, on top of been a mum of 1

I cut, colour and style clients hair 4 days a week with glowing references via social media and word of mouth

Treetops

March 2018 - Current

I am currently working at treetops school (grays)

As an ABA therapist, I have been trained to work with severely autistic children running the ABA

programme, along side their personal teaching programme and essentials for living programme.

I have experienced the risk that come along with working with SEN children.

Throughout the day I log all information and i graph all data which is required for the children, I have worked in nursery and also with the senior/older learners.
