ABOUT US

We are Pedro and Angelina Flores, a couple of travelers from Portugal passionate about photography and exploring the world who share practical advice to motivate other adventure souls to travel more and better.

Our biggest dream for some years now is to go on an Around the World Trip, That's why we asked for a sabbatical year at our companies and hit the road on June 30, 2020 in our camper van - Benny.

Don't call it a dream. Call it a plan.
