This is my fave! When you cycle sync, you are supporting your hormonal fluctuations throughout the month, and in turn supporting sustained energy each and every day. It's incredible!

عرف يا دكترة DEFINE YA DACTRA

HABITUATION: Stimulus is a repetitive, benign event.

SENSITIZATION: Stimulus is a noxious + benign event.

التعود: التحفيز هو حدث غير ضار متكرر

تحسس العصب: محفزات مزعجة جديدة في نفس الوقت في حدث طبيعي شغال
