

## ABOUT ME

I am a mixed model who has worked extremely hard on social media without any connections. I want to serve as representation for biracial young adults everywhere. Someone who can accomplish anything and find their place in the world. I want my page to be a place where you can come from anywhere and find inspiration. I'm also only 5'2" and I want to show shorter women that you can still model and take social media by storm.

## BRANDS I'VE WORKED WITH
