*Travel / Fashion & Lifestyle Blogger*

## ABOUT ME

My occupations are Designer, Model, Content and Video Creator & specialized in digital marketing.

I started my blog in 2015, first as a hobby. I had travelling parents, so I got to travel around here and there, and when I was 14, we moved to England to settle down, where I was inspired to start blogging. It started off as a simple travel and fashion journal, which over the years grew into something much bigger and influential.
