About me

Hi! I'm Aisha.

A 20-year old content creator based in North Cyprus. My niche focuses on and showcases Beauty, Food, Fashion and Lifestyle.

Growing up, I was always infatuated by the idea of creating my own platform on social media and sought out unique ways to express myself through it.

This had led to the gradual growth of my outreach. I look forward to growing and working together with brands to creating exclusive content in the near future!
