

KERRY SCHWARTZ

Author/TikToker/Work in progress

Kerry Schwartz, a born and bred Italian Jew from Brooklyn, studied Broadcast Journalism at Kingsborough Community College. While she never actually got her degree, that didn't stop her from working on popular TV shows such as *America's Got Talent*, *Dancing with the Stars*, *Let's Make a Deal* and *American Idol*; to name a few. Or producing award winning music videos and directing the pilot for newly released Amazon Prime series, *Unsubscribe*. You may not recognize her from her work behind the camera, but maybe you saw her steal the hearts of America as the winner of VHI's *Frank the Entertainer: In a Basement Affair*. C'mon... you know you've watched it!

So, that's who she is on paper, but what you won't find in her resume is her infectious sense of humor, natural talent for storytelling, and completely f*cked up history with men. Thankfully (for us), she's also a really good writer and detailed her experiences in a book called **Series of Unfortunate Men** that has recently — like her TikTok's — gone viral.

Yep, Kerry's on TikTok causing all kinds of trouble. Right after she self-published her book in February '22, she jumped on the clock app to promote it and accidentally became a content creator. While sharing her wild stories about dating and finding herself, her candid, self-deprecating nature started resonating with people all over the world — some creeps, but mostly awesome women.

Her platform is exploding right now! She only joined the app five months ago and has already done a few brand deals, multiple interviews with outlets such as *Medium Magazine* and *The Daily Dot*, and a few podcasts — including *FML Talk* with Gabriel Stone (her idol!). Plus she's already **garnered over 80k followers**. But honestly, that number has most likely risen by now, however she doesn't have time to change the EPK stats every day... She's busy! But not too busy to advocate for mental health, body positivity and self-discovery. Because, at the end of the day, Kerry's goal is to use her creativity to make a positive impact on the world. So, if you like to laugh, love and make a lot of money, get in touch... 'cuz this girl's going places.

Author Kerry Schwartz on how to write a book that inspires (Medium magazine)

BOOK DESCRIPTION

Narcissists and Sociopaths and Psychopaths...OH MY!

This Memoir takes you on a Thrilling, Comedic, Sexy, (and sometimes Scary,) roller coaster ride. Kerry also adds a unique touch with her photos and Illustrations throughout the book.

What do you call trauma and drama sprinkled with some pain and a little pleasure? The life of Kerry Schwartz, of course. Join Kerry on her journey as she dissects her chaotic love life, beginning on the sometimes-shady streets of Brooklyn, New York, to the smoke and mirrors of Los Angeles. From prepubescent penis obsessions, to becoming the obsession of a mobster, surviving a kidnapping, and outsmarting a scam artist; the ex- reality star, turned filmmaker has lived a life straight out of a movie.

Italian-Jewish, underdog turned butterfly, Kerry seesaws her way through the ups and downs of life's traumas. She opens up about her battle with anxiety and depression as a part of her ongoing transformation into a mental health advocate. Skeletons are revealed as she dishes about online dating, randy romps with celebrities, and the beautiful friendships she's made along the way. Using a comedic flare, Kerry shares some of her most intimate details, digging deep to discover her true self- worth, purpose and somehow, finding self-love in a Series of Unfortunate Men. By sharing her story, she hopes to help others do the same.

AMAZON BOOK REVIEWS:

THIS BOOK IS AMAZING

I saw Kerry posts on Tik tok, and immediately was interested her tik toks. Then I found out she wrote a book, and knew I had to read it. I bought the book at 1 am and stayed up til 5 am reading. I could of read the whole book in one night, but needed some sleep. But as soon as I could I had to continue reading it. I finished the book in 2 nights. And was bummed because I got to end of the book. I wanted more of her story. Totally recommend this book!!!!

BEST BOOK, I COULD NOT PUT IT DOWN!

Hello my name is Audrey, I first came across Kerry's tik tok live one night and her energy was positive, amazing, beautiful and extremely caring. She shared with us her book she wrote about her life and what she has been through with her past relationships, friends and family as well. I had immediately ordered the book and was extremely excited to read it. Once it came i read it that night and finished it within three days. Reading this book, had me in tears, had me laugh, had empathy and had me even relate to it as well. Kerry opens up and shares her feelings and shares experiences of the bumpy rollercoaster rides with her past relationships and how much it took a toll on her. Her memoir is relatable to many including myself. I related to many chapters of her book but one main chapter that also stood out to me was chapter 11 which is high heals because i deal with anxiety and depression and severe panic attacks till this day. I Highly recommend this book to anyone who is looking to buy a new book to read. Kerry Schwartz presented a honest, rough time of her life, whether it was good, horrible, happy or sad, "How I Found Self Love In A Series Of Unfortunate Men, is the best book that any women can relate to and gives men great advice on what to do and what not to do in dating. Thank you Kerry for sharing this, Hope we can meet one day for my book signed!! (please write another..LOL =)))

From a man's perspective

One word. DAMN. As a man I wasn't sure how I'd feel about this book. But she had me hooked by chapter 2! It's the perfect combination of inspiring, sexy.. funny and real. I think it'll help a lot of people. REALLY GOOD read.

I could not stop reading it!!

Hilarious and therapeutic! This book provides a dose of much needed humor while keeps you reading non stoping *Warning: it is explicit, a lot of swearing ;) I love it! It's amazing how reading someone else's story can help you to learn to empathize with others as you come to understand their point of view. Well done !!!
