[My second best example): link

I would love to work with [Company] to create a series of videos showcasing the [product/service] that you offer. These videos would be tailored for posting to your social media accounts, including content optimized for Instagram, Facebook, and YouTube.

In addition, I would make a series of videos that would promote [Company] to share with my own audience as well (on YouTube and Instagram).

I would love to make this possible with you and your team.

Please let me know if you'd like to speak further about this potential partnership. I'd

be happy to talk more over a phone call or email.- fitnesshomef@higmail.com

Thanks so much!
